

# Capture the Cone

## How to Play

- Players will get 1 golf ball and pair off into 2 equal teams. One team will putt first.
- Each turn you will hit your putt at the target you choose. If the ball touches the target you then claim that cone for your team and you remove it from the board.
- After collecting your cones the other team will play and do the same until all cones are captured.
- Added rule could be if you putt your ball into or past the teeing area of the other team you lose a cone
- The goal is to have the most cones at the end of the game.

## Equipment & Materials

- Cones or other target objects
- Hula Hoops
- Putters
- Tennis balls
- Launch pads or poly spots
